State Operations Center	Inland Region EOC	Coastal Region EOC	Southern Region EOC
Level 1	Normal Operations	Normal Operations	Normal Operations

Coronavirus Disease 2019 (COVID-19)

The Cal OES State Operations Center (SOC) activated 03/02/20 at 0700 hours in support of the California Department of Public Health (CDPH) Medical Health Coordination Center's (MHCC) statewide response to COVID-19. Cal OES will continue to provide resource coordination for the COVID-19 event, as well as situation status reporting and advance planning across multiple areas.

Situation Overview

- **California State of Emergency Proclamation**

On 03/04/20, Governor Gavin Newsom declared a State of Emergency for California, as a result of the global COVID-19 outbreak that began in December 2019, to make additional resources available, formalize emergency actions already underway across multiple state agencies and departments, and help the state prepare for broader spread of COVID-19.

- **Global Health Advisory**

On 08/06/20, in close coordination with the U.S. Centers for Disease Control and Prevention (CDC), the Department of State lifted the Global Level 4 Health Advisory. The Global Advisory, initially put in place on 03/19/20, advised U.S. citizens to avoid all international travel due to the global impact of COVID-19. For more information visit: <https://www.state.gov/>.

- **State Executive Order N-33-20**

On 08/28/20, California introduced a blueprint for reducing COVID-19 in the state with revised criteria for loosening and tightening restrictions on activities by counties. Visit [Blueprint for a Safer Economy](#) for more information and to check the status of a county. This blueprint included a health equity metric to be used along with other metrics to determine a county's tier. The purpose of [Equity Metric](#) is to ensure California reopens its economy safely by reducing disease transmission in all communities.

- **CDPH Statewide Travel Advisory**

The California Department of Public Health (CDPH) has issued a new Travel Advisory superseding the 11/13/20 guidance. Californians should avoid non-essential travel to any part of California more than 120 miles from one's place of residence, or to other states or countries. Non-essential travelers from other states or countries are strongly discouraged from entering California, and if they do, should adhere to quarantine procedures. All persons arriving in or returning to California from other states or countries should self-quarantine for 10 days after arrival, except as necessary to meet urgent critical healthcare staffing needs or engage in emergency response.

SITUATION SUMMARY

Coronavirus Disease 2019 (COVID-19) (Continued)

Confirmed Global COVID-19 Cases – Per Worldometers COVID-19 Live Updates as of 03/15/21 at 1100 hours:

- 120,613,466 (+337,550) total confirmed cases in 219 countries and territories
- 2,668,180 (+5,599) total deaths

Confirmed United States COVID-19 Case – Per Centers for Disease Control and Prevention (CDC) as of 03/15/21 at 1000 hours:

- 29,269,590 (+40,428) total confirmed cases
- 532,355 (+589) total deaths

Confirmed California COVID-19 Cases - Per Medical Health Coordination Center as of 03/15/21 at 1100 hours:

- 3,528,795 (+2,460) total confirmed cases

COVID-19 Vaccines Administered – Per Vaccine Task Force as of 03/14/21 at 2359 hours:

- 12,172,948 (+414,198) vaccines administered

Cal OES/ FEMA Vaccination Sites and Mobile Vaccination Clinics (MVCs):

- Oakland Arena Vaccination Site
- Oakland Mobile Vaccination Clinic 1 and 2
- California State University – Los Angeles Vaccination Site
- Los Angeles Mobile Vaccination Clinic 1 and 2

- Please see attached California Health & Human Services (CHHS) Agency / Cal OES Joint Situation Report for additional details

Cal OES INLAND REGION

- Nothing significant to report

Cal OES SOUTHERN REGION

Railroad Derailment, City of Industry, Los Angeles County, SPILL: 21-1388

On 03/15/21 at 0612, Union Pacific Railroad notified the California State Warning Center (CSWC) of a derailment that occurred.

- One railcar derailed upright
- No hazmat release
- No injury to crew or personnel
- CSWC personnel made notifications per SOP

SITUATION SUMMARY

Cal OES COASTAL REGION

American Challenger, Southwest of Bodega Bay, Marin County

The California State Warning Center was advised of two vessels disabled Southwest of Bodega Bay, Marin County. This occurred during a tow transport from Seattle to the San Francisco Bay. A tugboat (Hunter) was towing when the line failed, the tugboat is safely anchored in Sausalito at this time, the Fishing Vessel (American Challenger – approximately 7,000 Gallons of Diesel Fuel, Motor Oil and Lube Oil on board). The United States Coast Guard is on scene monitoring at this time. The fishing vessel has run aground on 03/06/21 at 0100 hours, and is carrying approximately 7,000 Gal(s) of diesel. Cal OES Marine and the California State Warning Center are monitoring the situation.

Per Cal OES Maritime:

- American Challenger – had no crew onboard, what is called a dead tow.
- Hunter – crew stayed onboard and dropped anchor.
- Due to on-scene weather, salvage operations were delayed due to unsafe conditions. Operations will continue as weather permits.

Per US Coast Guard:

- An investigation is underway to determine the amount of fuel aboard the American Challenger.
- The fishing vessel ran aground onto rocks just north of Dillon Beach (LAT 38 01.93 N LONG 122 59.98 W) at 0100 hours.
- Vessel was not occupied and no reports of injury.
- An overflight of the vessel on 03/07/21 reported a light sheen in the immediate vicinity of the vessel.
- A Unified Command between the U.S. Coast Guard, OSPR, Marin County Sheriff's Office of Emergency Services, and NOAA's Greater Farallones National Marine Sanctuary has been established.
 - Coordinating with State Parks Marin County to make notifications to the local populace that boat ramps are closed in the area.
- There have been no confirmed reports of oiled wildlife.
- There are no impacts to commercial traffic or scheduled marine events at this time.
- An environmental unit is assessing protection strategies for sensitive sites in the area.
 - Containment boom operations on going within Tomales Bay.
 - USCG is broadcasting a Safety Marine Information Bulletin (SMIB) to inform the public of protection operations in Tomales Bay.
 - Miller Boat Launch is currently closed to the public by Marin County Parks to support deployment of containment boom and protection of sensitive sites.
- No injuries to responders have been reported.
- Salvage crews are assessing the vessel American Challenger with drones and developing a plan to assess damage and quantify petroleum potential on the vessel.
- No state assistance needed at this time.
- Demobilization continues from a Unified Command to Marin County

Active Weather Warnings, Watches and Advisories by County:

<http://www.wrh.noaa.gov/hazardSummary/?state=ca&bycounty=1>

WEATHER KEY POINTS

03/15/21 - 03/21/21

Monday

- Periods of rain and mountain snow continue for much of the state today, ending tonight
 - Snow levels will fall to 2,000-3,000 feet today
 - Additional precipitation amounts of one-tenth to locally one-half inch are expected, highest across the southern Sierra
 - Additional snow of 3 to locally 8 inches is likely, highest again over the southern Sierra and across the southern California mountains
 - Gusty winds of 40-60+ mph will occur over much of southern California through this evening, with areas of blowing dust possible in the deserts

Tuesday-Sunday

- Dry and milder conditions will return Tuesday with showers returning to northern California on Wednesday
- Additional rain and mountain snow appears increasingly likely heading into late week, particularly across northern and central portions of the state

Cal OES LAW ENFORCEMENT MISSIONS

Cal OES Law Missions

- **2021-LAW-58027, 03/15/21, 0058 hour:** The Nevada County Sheriff's Office requested a Mission Tracking Number (MRT) for an existing search taking place near the city of Washington, Nevada County. Nevada had assisting assets en route already to help locate (4) subjects on (2) ATVs that have been missing since 1500 hours on the 13th. Over the snow vehicles were needed but arranged for already by Nevada County. MRT provided. At 0330 hours Nevada re-contacted the LDO and requested assistance from Butte and Placer Counties. A snow cat and Type I snowmobile teams were needed. The LDO contacted Butte and Placer counties and provided the mission criteria. **MISSION ONGOING**

Cal OES MISSION TASKINGS

Cal OES Missions

- Nothing significant to report.

Cal OES

GOVERNOR'S OFFICE
OF EMERGENCY SERVICES

Mission:

We protect lives and property, build capabilities, and support our communities for a resilient California.

We achieve our mission by serving the public through effective collaboration in preparing for, protecting against, responding to, recovering from, and mitigating the impacts of all hazards and threats.
